

Premium Diamond Needle Files

TITAN PREMIUM DIAMOND NEEDLE FILES can be used on carbide, hardened steel and ceramics. Made with hardened steel blanks for use in filing machines. Diamond particles are electroplated with a nickel chrome bonding for excellent wear and long life.

They are available in three grits: 200/240 which is the fine grit, 120/160 medium grit, and 80/100 coarse grit.
 Total Length 140mm Diamond Coated Length 70mm
